Green Cards: Head, Wing, Leg, & Butt

These cards are laid in your coop (the space on the table directly in front of you) as they are guessed until someone assembles a complete chicken.

Red Cards: Fox, Chop, & Brooding Hen

The Fox discards all cards on the coop where he is played.

The Chop allows one body part to be transferred from another coop to your own.

The Brooding Hen causes any player to lose a turn. (This is the only card that is played immediately without guessing.)

CHICK'NBUTT Rules (3-6 players recommended)

1. Shuffle & place deck in the center of the table.
2. First Player draws a card & asks another Member of the playing circle to guess the card: **"Guess what?"** to which the Member responds **"Chicken __," "Fox,"** or **"Chop."**
3. If the Member guesses incorrectly, the Player chooses another Member & asks again: "Guess what?"
4. If the second Member also guesses incorrectly then the Player wins the card & places it in his/her own coop.
5. But, if the first or second Member guesses correctly, he/she takes the card from the Player & places it in their own coop.
6. The next Member draws & play continues with step 2.
7. **The first person to assemble a complete chicken wins! Or, play through the deck & see who builds the most chickens!**

Exceptions:

- I. Brooding cards are played immediately when drawn.
- II. Fox and Chop cards are only guessed once; but **take care**, if the Member guesses correctly, the consequences of the Fox or Chop card are **reversed** onto the Player.
